

Sliding Doors

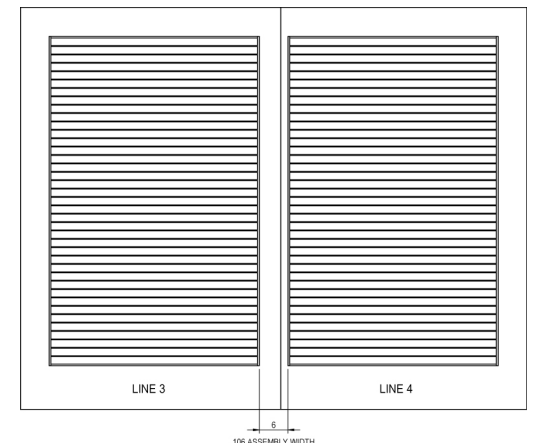

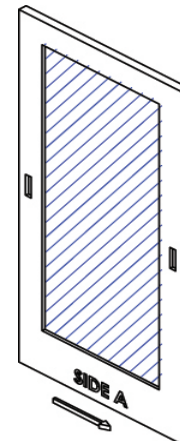

Sliding doors offer floor print economy and pocket doors save wall space. Door Works Company has supplied thousands of sliding doors for hospitality, assisted and active living communities, and condominium projects.

Doors can be any design and prepared for any type of sliding hardware. Single sliding doors can be up to 53" wide. For monster sliders that close off a room, two doors can be easily joined together on the job site.

Hardware Prep:

- Flush pulls
- Edge pulls
- Bottom door guides
- Top mounted track and hardware
- Mortise privacy locks

53" wide vented louver doors joined in the field
